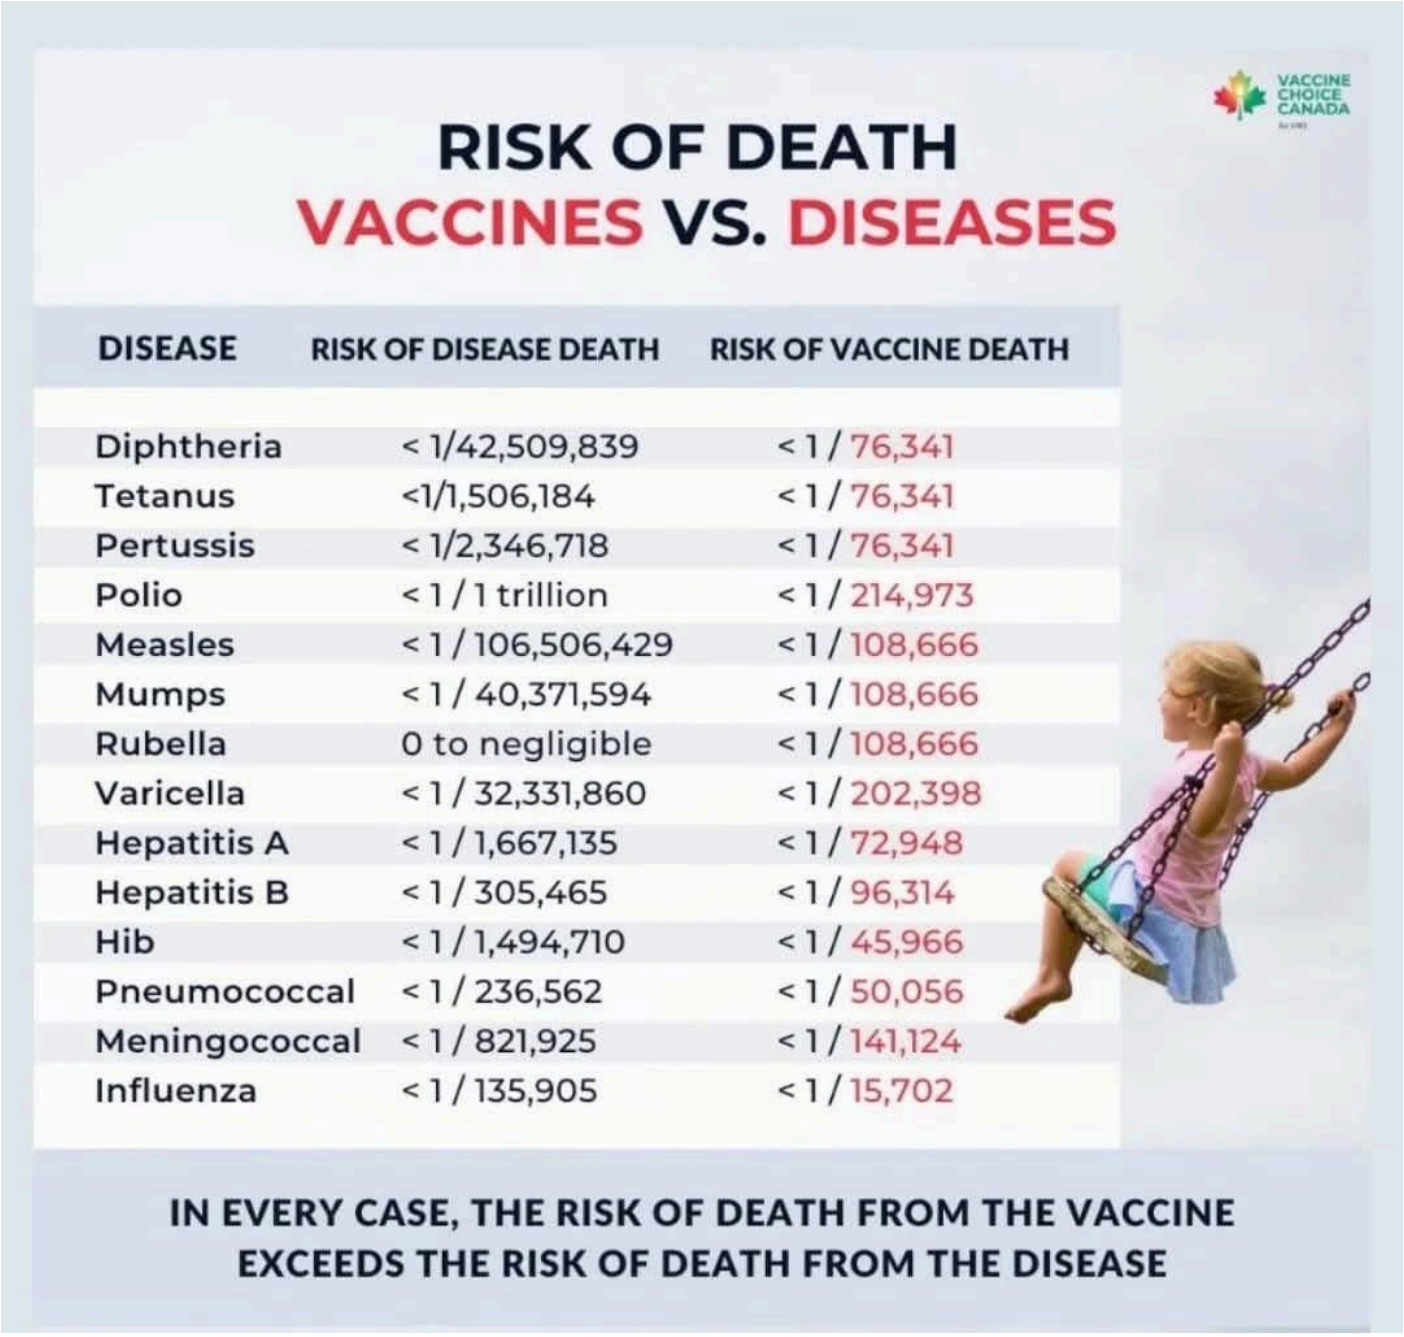
There is not a single vaccine that is safe, effective, or in any way necessary; in fact, all

of the major vaccines are actually far worse than the diseases they fraudulently purport to protect against; to wit:



VACCINE CHOICE CANADA
RISK OF DEATH
VACCINES VS. DISEASES
DISEASE | RISK OF DISEASE DEATH | RISK OF VACCINE DEATH
Diphtheria | < 1/42,509,839 | < 1 / 76,341
Tetanus | <1/1,506,184 | < 1 / 76,341
Pertussis | < 1/2,346,718 | < 1 / 76,341
Polio | < 1 / 1 trillion | < 1 / 214,973
Measles | < 1 / 106,506,429 | < 1 / 108,666
Mumps | < 1 / 40,371,594 | < 1 / 108,666
Rubella | 0 to negligible | < 1 / 108,666
Varicella | < 1 / 32,331,860 | < 1 / 202,398
Hepatitis A | < 1 / 1,667,135 | < 1 / 72,948
Hepatitis B | < 1 / 305,465 | < 1 / 96,314
Hib | < 1 / 1,494,710 | < 1 / 45,966
Pneumococcal | < 1 / 236,562 | < 1 / 50,056
Meningococcal | < 1 / 821,925 | < 1 / 141,124
Influenza | < 1 / 135,905 | < 1 / 15,702
IN EVERY CASE, THE RISK OF DEATH FROM THE VACCINE EXCEEDS THE RISK OF DEATH FROM THE DISEASE

Data is from the 2020 Control Group Study conducted by Joy Garner: www.thecontrolgroup.org as a result of the study a 446 page Judicial Report was drafted: www.vaxcheckers.org/wp-content/uploads/2021/09/PRJN4.pdf

The reason that the Modified mRNA slow kill bioweapon “vaccine” is not even included in the cited infographic is because it radically increases your chances of contracting COVID-19 [flu], not to mention suppresses the p53 protein which prevents cancer, while also permanently genetically modifying the human genome with the highly carcinogenic SV40 promotor sequence...

The genetic sequence found in Pfizer's Modified mRNA slow kill bioweapon "vaccine" integrates into the human genome, and now all future "vaccinated" generations are genetically modified, as well as their offspring.

...hence the exploding turbo cancer epidemic:

Not a single vaccine has a large sample, high quality RCT with placebo control group that shows either safety or efficacy whatsoever; and now even doctors badly brainwashed in their medical schools are starting to finally perform their due diligence, all thanks to the PSYOP-19 scamdemic:

After extensive research Dr Pierre Kory has done an entire U-turn on the childhood vaccine schedule.
-The overstating of the efficacy and the miracle of these vaccines is a myth.
- safety has never been shown
-the idea there is no link between vaccines and autism is laughable.
It's mind blowing to think of the lies we have been fed for so long now.

And no vaccine ever had any business being administered, even at the very inception of this deadly Rockefeller Crime Syndicate allopathic fraud:

Repost: Revisiting The Major Vaccines

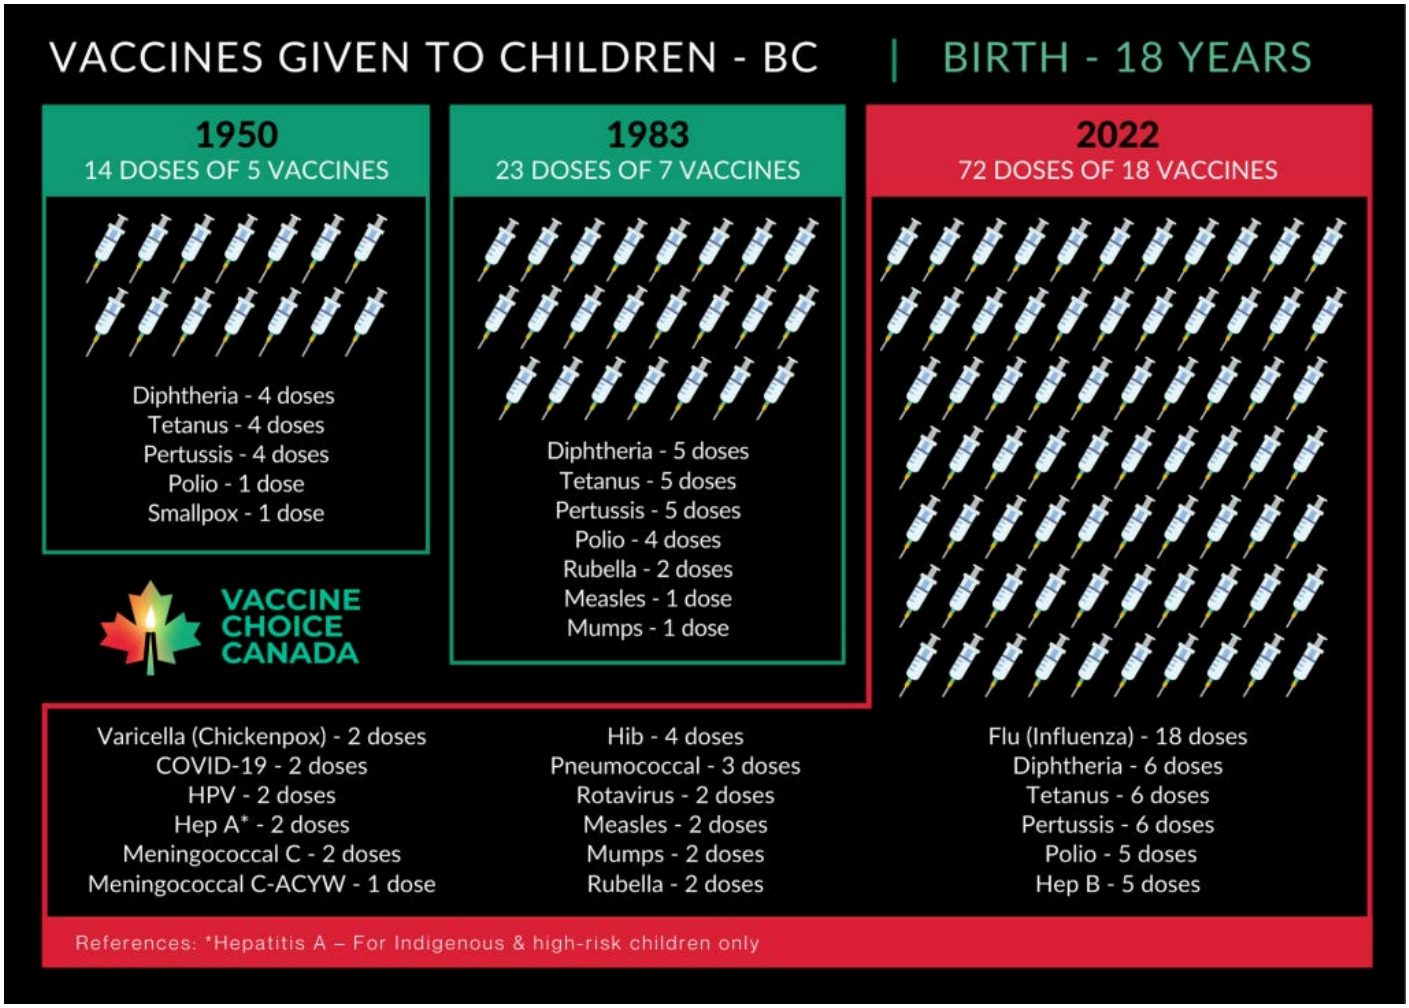
Let’s table the PSYOP-19 DEATHVAX™ since these experimental gene therapies never made it past animal trials, and for good reason, have no live attenuated or dead Covid virions [because they don't exist] in them, thus never qualifying as actual “vaccines” proper, and as such were never approved for human use, fraudulent EUA notwithstanding.

And yet the highly profitable vaccine schedule only continues to unrelentingly multiply:



VACCINES GIVEN TO CHILDREN - BC | BIRTH - 18 YEARS
1950
14 DOSES OF 5 VACCINES

2022

And to reiterate that the Risk/Reward and Cost/Benefit ratios are worse than abysmal:

Are Vaccinated Children Healthier?
The most important question a parent ought to be asking is – Will my child be healthier as a result of vaccination? A 2018 Raising Canada report conducted by the O'Brien Institute for Public Health concluded that "There is a failing state of children's health today."
The question is why? Our children receive three times as many vaccine doses today compared to the 1980's. If vaccines improved health, our children should be healthier, not sicker.
The Journal of Translational Science published the first independent study comparing the overall health of vaccinated and unvaccinated 6 to 12 year old children in the United States. The results of the study reveal that while vaccinated children were significantly less likely to have chicken pox or whooping cough, they were significantly more likely to have pneumonia, allergies, ear infections, eczema, learning disabilities, Attention Deficit Hyperactivity Disorder (ADHD), Autism Spectrum Disorder, neuro-developmental disorders, and chronic illness.
THE CHOICE IS YOURS
You have the right to refuse any or all vaccines. In 1996, Health Canada's National Report on Immunization stated: "Unlike some countries, immunization is not mandatory in Canada; it cannot be made mandatory because of the Canadian Constitution... legislation and regulations must not be interpreted to imply compulsory immunization."

So why exactly is the Intelligence Industrial Complex and their various NWO globopedo partners-in-crime along with their Medical Industrial Complex pushing these deadly injections on humanity?

The game plan is out.....vaccine are part of the centralized playbook to keep them in power and remove our power by making We The People chronically ill. Chronic illness is how the government REAMINS in power. @NicoleShanahan @StrumwasserJ

Accountability is the ONLY way to restore trust in any institution now and it is why those who talk against accountability are ENEMIES OF WE THE PEOPLE.

> Vaccines and vaccine schedules are the ultimate tool of ruling class control over a population. They can dial up or down the birth rate, the disability rate, and the mortality rate. They can drain all wealth out of the poor and working class through chronic illness. And revolution becomes impossible if the lower classes are disabled by autoimmune disorders. Anyone who supports vaccines at this point is a simp for genocidal capital.

Funny how bird flu went away for 7 months.

There is no other way to put it: vaccines are a global control and slow kill depopulation program.

@PROJECTKNOWLEDGE
One of the weirdest beliefs is that secretive government agencies who did evil things in the past just don't do evil things anymore. This belief is based on literally nothing. It's believed because it's comfortable.

The mass ritual bio-suicide that is only taking place because of the mass fear and virtue signal formation that has infected the minds of the naive and gullible, and this is an integral part of the technocratic peaceful culling:

Reminder: A “Peaceful Culling” is Underway

The Club of Rome was founded in 1968 to deliberately push the global climate terrorism agenda in order to usher in the eventual planetary Great Reset.

What deviously better way to depopulate the planet than by conning the unwitting participants into offing themselves on behalf of your Great Reset agenda?

“Climate change” and “Trust the Science” go hand in hand as some of the most perniciously compelling social engineering ever imposed on mankind.

ALL of the ailments that the vaccine schedule pretends to cure — BigPharma has not cured a single one of these diseases by the way, or why, say, the flu vaccines continue to be an injurious perennial observance — can be treated by healthy diets and inexpensive repurposed compounds that cure turbo cancers, attenuate VAIDS, reduce systemic inflammation, and even successfully treat seasonal flu as well as the common cold in no time.

Revolution against this globalist ruling class eugenics conspiracy can only occur if enough people are aware, in good health, and hard to kill.

Do NOT comply.
